Trustees Trim Village Budget for Fiscal Year

Local Government to Cost a Total of \$19,430 in 1940

It will cost the village of Antioch an estimated \$19,430.00 to conduct the business of municipal government during the present fiscal year ending next April 30, according to the annual budget approved by the village council Tuesday night. The annual appropriation ordinance is published in the News today.

While the general fund for this year's anticipated expenditures was given a \$1,550 boost from \$3,350.00 for 1939 to \$4,900.00 for the current year, the increase in this department is more than offset by trimming the budget in some of the other departments. The total appropriations for this year are \$250.00 less than last year's budget which was set at \$19,680.00.

Besides the general fund, other departments receiving increased appropriations for the year were: Fire department, \$2150, which is \$250 over the 1939 budget; lighting, increased to \$1,900.00, \$200.00 over the 1939 figure; while decreases were shown as follows: sewer and water, \$850.00; streets and alleys, \$1,100.00; and contingent fund was \$300.00 less than last year. The police department and bond and interest funds were set the same as last year at \$1,350.00 for police and \$1,400.00 for payment of bonds and interest.

Charles A. Andersons are Recovering from Accident Injuries

He Suffers Skull Fracture, She Broken Arm, Ribs, When Bee Gets in Car

Mr. and Mrs. C. A. Anderson of Highway 59 at Petite lake are recovering from injuries received in an automobile accident Monday evening at 5:30 p. m. d. s. t. when their car side-swiped a concrete culvert on the Wilmot road. Anderson is believed to have lost control of the car temporarily when a bumblebee flew in through one of the windows and he attempted to brush it away.

Anderson sustained a skull fracture and severe bodily bruises. He was in a dazed condition from the time of the accident until Tuesday noon, when he recovered consciousness. He is at Victory Memorial hospital.

Mrs. Anderson's right arm is broken at the elbow. She has five broken ribs and one leg is badly bruised. She is under the care of a nurse at the home of her son and daughter-in-law, Mr. and Mrs. Elroy Anderson.

The Andersons had been visiting at the Paul Holmes home at Wilmot, and had just left to return to their grocery store and tavern when the accident occurred.

Kenosha county sheriff's deputies who were traveling on the road a short distance behind them said that they saw the Anderson car, which was moving at a moderate rate of speed, waver slightly from the roadway, and apparently start to pull back on the road when it struck the culvert and the left side of the car was caved in.

The deputies took Mrs. Anderson back to the Holmes place, and Anderson, who seemed dazed but at first did not appear to be badly hurt, insisted on being taken to his own home. There it was realized that he was more seriously injured than had been suspected, and he was rushed to the family physician, Dr. Stanley Anderson of Grayslake, to whom Mrs. Anderson had already been taken for treatment.

Members of the family took Anderson from there to the hospital in Waukegan, while Mrs. Anderson was removed to her son's home.

Mr. and Mrs. Elroy Anderson are caring for their absence. Another son, Reginald, was called here from Chicago Monday evening and remained until Tuesday night, when it was believed Mr. Anderson was out of danger.

The left side of the Anderson car was caved in.

Memorial Day Observances Well Attended

"Hold Fast to American Principles," Says Noel White, Speaker

One of the largest crowds ever to attend a Memorial day observance in Antioch was present last Thursday afternoon for the parade and service held under the auspices of local patriotic groups.

Noel White of Fox Lake, district service officer of the American Legion, was the speaker, stressing the importance of maintaining American ideals and American liberty.

"There is nothing that could ever take the place of our liberty," he said, in part.

"It is true that during depression times people have sometimes let their good judgment be laid aside and have become involved with groups interested in the overthrow of those privileges and ideals that have always been dear to the American people. It is also true that we have as a nation been tolerant of groups whose aims we have felt might not always have been for the better interests of the people.

"It is only fair, however, that those who benefit by the privileges of this country should do their utmost to see that its principles are maintained in the future as well as they were in the past. We should be on our guard against anything that will ever take away our liberty."

White called attention to rumors that un-American organizations had been operating in Lake county, and scored the aims of such organizations.

Parade Preludes Services

The Memorial observances opened with a parade down Main street from the high school to the village park, where the program was held at 2:30 o'clock.

The service opened with the invocation, by the Rev. F. M. Flaherty, pastor of St. Peter's church. A memorial prayer was given by the Rev. J. E. Charles, pastor of St. Ignatius' Episcopal church. The pledge of allegiance to the flag was made by the entire gathering.

Commander Clarence J. White of the Antioch American Legion post introduced the speaker.

A wreath was placed by representatives of the Daughters of G. A. R. on a symbolic "grave of the unknown soldier."

Patriotic music during the services was played by the Antioch High School band and the Junior Legion Drum and Bugle corps.

The Rev. W. C. Henslee, pastor of the Antioch Methodist church, gave the benediction.

Otto S. Klass, Americanization officer of the local Legion post, and John Horan, adjutant, were in charge of arranging the services.

JOHN GAUGER, 75, OF WILMOT, DEAD

Well Known Kenosha County Farmer Passes Away at His Home

John Gauger, 75 years old, a resident of the village of Wilmot since 1916, and a native of Kenosha county, succumbed at his home Thursday morning following a short illness.

He was born in Salem township August 5, 1864, the son of the late Carl and Albertine Ziebell Gauger. He was educated in the public schools there and for many years was engaged in farming.

In 1916 he retired from farming and moved to the village of Wilmot, where he has made his home since that time.

On March 21, 1888, he was united in marriage to Matilda Kunkle and on March 21, 1938, they celebrated their golden wedding anniversary.

Gauger was well known in western Kenosha county as a prosperous farmer and had many friends during his residence in Wilmot. He was a devout Christian, being a member of the Peace Lutheran church of Wilmot.

He is survived by his widow and by three sons: Henry Gauger, Richmond, Ill.; and Fred and Carl Gauger of Wilmot, and by one adopted daughter, Mrs. Gertrude Hartman. He is also survived by thirteen grandchildren. He was preceded in death by one son, Louis Gauger, on August 12, 1910.

Funeral services were held at the home at 1:30 o'clock Sunday afternoon and at two o'clock from the Peace Evangelical Lutheran church with the Rev. R. P. Otto officiating. Interment followed in the family plot at the Wilmot cemetery.

Baseball Injuries Fatal to Former Wilmot Athlete

Lyle Neumann Dies After Being Struck by Pitched Ball Thursday

Lyle Neumann (Ike), former Wilmot high school star athlete and a son of Mr. and Mrs. Gustave Neumann, Wilmot, died at 8:25 Saturday evening of head injuries sustained in a Memorial day baseball game.

Neumann, who with his bride of less than a year lived in Silver Lake village, was struck on the head by a pitched ball as he started as the first batter for the Wilmot nine as they played the Pleasant Prairie team.

When the ball, pitched by the Pleasant Prairie hurler, Chet Wedelstadt, struck him on the left side of the head, Neumann fell to the ground unconscious. When he failed to respond to first aid treatment, the injured young man was taken to the Kenosha hospital.

Examination disclosed a fractured skull and a brain hemorrhage. Physicians in charge resorted to spinal tapplings to relieve cerebral pressure. An operation, performed by a Chicago specialist late Friday, relieved bone pressure, but tissue had been destroyed to such an extent that the attending physicians gave up all hope of saving Neumann's life.

All efforts to save Neumann's life failed Saturday evening. He was widely known throughout the county for his athletic prowess and for his many activities in younger circles. He was born in Burlington on December 1, 1916, the son of Mr. and Mrs. Gustave Neumann. Early in life he moved to Kenosha county with his parents and attended the Bassetts Grade school. He graduated from the Union Free High school, Wilmot, in 1933, and attended the University of Wisconsin for a year and a half.

Throughout his high school career, he figured prominently in athletics, playing on the school basketball and football teams. At the university he played on the freshman baseball team and won his numerals. On leaving the university, Neumann entered the Kenosha College of Commerce for one year.

For the past three years, Ike was employed as bookkeeper for the Wilber Lumber Co., of Silver Lake village.

On August 9, 1939, Neumann was united in marriage to Miss Evelyn Zarnstorff, daughter of Mr. and Mrs. Frank Zarnstorff of Richmond, Ill.

Since his marriage, Ike and his bride had resided in Silver Lake.

He is survived by his widow, his parents and two sisters, Virginia and Doris, both at home in Wilmot. The body was taken to the Schutte funeral home at Burlington and was taken to the home of his parents in Wilmot Monday morning.

Funeral services were held at the Peace Lutheran church, Wilmot, with the Rev. R. P. Otto officiating, at two o'clock on Tuesday. The body was brought to the church at 12 o'clock to lie in state until the time of the service. Interment was made in the family plot at the Wilmot cemetery.

The Enemies Within the Gates

Events in Europe have underlined and emphasized the urgent need for improving and expanding our national defenses, and making sure that the United States, its shores and its traditional ways of life, are rendered secure.

To do this effectively, our military experts are of course studying very closely the methods of the "total war" that has overrun so many helpless countries abroad—the modern form of war that, as one observer has commented, is fought "with the morals of the cave and the weapons of an exquisite civilization."

You need to know the danger that faces your country before you can guard against it successfully.

But there is one further step. The manner in which Norway and Poland and Belgium have been brought to their knees was not exclusively based upon military power. Before a blow was struck, security was undermined from within. The advice of Goethe—"Divide and command"—was heeded with telling and destructive effect. The "fifth column" of traitors and imported agents did their destructive work before war even began.

The danger that these tactics will be repeated here also faces our own land. It is not enough to have military preparedness; we must also establish internal unity, internal security.

To achieve this aim, certain principles need to be kept in mind:

1. We must guard—not in a mood of hysteria, but through sound common sense—against the misguided groups and individuals in our own country who do not believe in private enterprise, and would sacrifice it for some other way of life. It is they who, by word or deed, would fill the role of "fifth columnists" in America if the opportunity were ever offered.

2. We must not let the erroneous thinking of a

second group to muddle our thoughts on preparedness. This group does not recognize the inseparability of our various freedoms—freedom of speech, a government of representative democracy, and a business system of private enterprise—and its failure to appreciate this important truth is likely to be actually as dangerous as the attitude of the deliberate enemies of our way of life.

3. We need, at a time when industrial efficiency is so vital to national defense, to guard against attempts to cripple and hobble our manufacturing enterprises. The LaFollette bill recently introduced in Congress, a piece of legislation that would prevent manufacturers from guarding effectively against sabotage and subversive activities within America's plants, is a dangerous example of this type.

With these principles in mind, and with the courageous maintenance of national unity and individual patriotism, America can guard against the "enemies within the gates." Without this stand, America invites disaster!

Spaghetti Conscious

Many of the men and women who work for the Federal government are engaged in the well-known work that is commonly called "publicity." No one could possibly quarrel with the necessity for disseminating useful information concerning the activities of government, and a lot of that is included. But, on the other hand, ridiculous examples are forever coming to light, examples in which the taxpayers' money is heedlessly wasted.

One such example bobbed up to the surface recently in a report by the Federal Trade Commission. The gist of its pronouncement is as follows: "The Federal Trade Commission has ruled that the length of macaroni or spaghetti is in no way indicative of its quality."

"The Commission finds that . . . genuine macaroni and spaghetti are made in both long and short lengths, and that macaroni and spaghetti of the finest quality are in some instances first made in long lengths and thereafter cut into short lengths. . . ."

This, as one Congressman comments, is "epical as well as epochal." How comforting—how very comforting—it is to all of us to know that our government is always on its toes, watching out for those perfidious individuals who would discriminate against spaghetti on the basis of its length!

Wilmot Alumni Hold Reunion and Banquet

The Wilmot U. F. H. School alumni held their annual reunion with eighty present on Saturday evening at the school. Miss Ruth Bosselman and her Home Economics department served a delightful banquet at attractively decorated tables. Tall yellow tapers were used with place cards at the head of the table—clever alumni diplomas, when opened up were song sheets.

At the election of officers Stanley Stoxen, Bassetts, was chosen president, Joseph Schlax, vice president; secretary, Ethlyn Dean and treasurer, Ardyce Lishka.

Principal M. M. Schnurr made the presentation of the Class of 1940 and the class president, Hardy Schmalfield, gave the class response. William Lieske, Milwaukee, former teacher and athletic coach, was toastmaster for the occasion. His ready wit and unending jokes kept the group amused.

Tommy Bower, Richmond's clever young entertainer, was very favorably received, a tuba solo by Don Luke, a reading by Anne Gillmore, baton twirling by Anna Mae Sholliff and Margarita Wang and a waltz by Ardyce and Keith Hegeman and community singing led by Bessie Barnes and Russell Ende were other entertainment features. Toasts were responded to by Rolland Hegeman for the Class of 1910; Ted Stoxen, Class of 1920; Norman Jedele, Class of 1930; Donald Vander Zee, Class of 1940. Impromptu speeches were given by Dick DeBell, Bob Van Liere, Dick Hansen, Ardyce Lishka, "Diz" Freeman; Bunk Schultz; Velma Schmalfield; Howard Lovestead. A dance in the gymnasium with Smitty's orchestra followed.

Delegates to the department convention will be Mmes. J. Harmon, Mancel Talcott, Noel White, George Nielsen, John Zimmerman, and the alternates, Mmes. Carson Neville, L. Clouse, William Jacobs, Howard Garnant, and Miss Loretta Burke.

After the business session, bridge was enjoyed by the members, with honors going to Mmes. William Ward, Mancel Talcott, William Whyte and William Phillips.

The next regular meeting will be held the first Wednesday in August at the home of Partner Chase at Antioch, with Mrs. John Zimmerman as co-hostess.

We see by the papers—
Montreal, June 3 (A.P.)—Heather Thatcher, fair haired London stage star, is in Montreal today on her way to Hollywood to do a little serious wool gathering.

"You see," explained Miss Thatcher, "I'm going to approach English players there. They have been doing lots of nice things to help along our war efforts but I want to see them keep up the good work. I have a whole list of people to whom I want to send package of wool of five to ten pounds each."

The wool is worked into comforts for men of the forces.—Chi. Trib. *final p. 5.

With the season for Easter brides not far off, the time seems ripe . . . —Waukegan Post, Marian Martin feature, p. 6.

Over-ripe, we'd say.

Detroit (U.P.)—Mr. and Mrs. John Schurman have discovered that they rubbed elbows three years before they met and fell in love.

With the opening of the 1940 baseball season, a local newspaper published a picture taken at the first game 33 years ago.

Schurman, who recalled the photograph and had vainly looked for it in the paper the day after it was taken, recognized his picture. Then he discovered that the woman standing next to him, wearing a pancake hat and blowing on a tin horn, was the woman he met three years later and married. And it took him 33 years to find out she was just a musician at heart. He probably found out sooner, though, that she liked funny hats.

Maybe we've mentioned it to you before, being absent-minded, but have you noticed—of recent months the Sat Eve Post has picked up the Observer col's habit of running a collection of goofy news stories every once in a while? We're still wondering how they picked up the idea—whether some one on the Post staff in Philadelphia caught it via a glimpse at the Ant. News at the N. W. Ayer advertising agency, which receives checking copies—or whether it was just a case of "great minds" united in a kindred fascination, a shared enjoyment of the sillier and more fantastic items that sneak into the day's news. Elucidate, O Post! We're getting kinda curious, and besides we'd really like to know.

Striking a cheery little note of informality—a communique for the big boss and his helpmeet arriving at the Ant. News office addressed to Mr. and Mrs. Pop Gaston . . . and drawing considerable admiration from where it was perched on HBG's desk.

Jack Neumann, traveling representative of the J. W. Butler paper company, had completed a Wednesday afternoon visit to the Ant. News and was motoring blithely on his way west of the Fox river en route to Richmond when—horror!—he learned he had forgotten his pipe, a treasured English briar "bobby" given to him by his children at Christmas. Mhm, he turned his car around and came right back after it. "I wouldn't dare go home to Aurora tonight without it," he explained.

A newspaper once dealt somewhat of a blow to a political candidate's aspirations by printing an item to the effect that "Senator Plank denies he beats his wife when he comes home intoxicated." . . . Apropos of which, we see by a Waukegan paper where an Englishman kindly informs the American public that "many Britons are indignant over 'allegations' that the 'Yankees' are 'yellow' for not joining in the current and altogether horrible European fracas. Tragic, regrettable and strangely futile (for all sides, it may be) though the conflict may prove, perhaps we might be pardoned for asking what England has ever done for us that we should be so big-hearted as to stick our necks out in her behalf—again.

Edith Elms, V. B. Felter, Helen Radtke, Ruth Lutterman and Freda Rentner. The party enjoyed a luncheon in the Gimbel Tea room, a matinee performance at one of the theaters, and a supper in the Green room of the Plankinton.

Mr. and Mrs. B. R. Burke entertained a group of about nine friends at a noon dinner and also at supper at their home on Memorial Day.

Mrs. George Behler, Woodstock, attended commencement exercises of Antioch High school Monday evening, when her son, Robert, received his certificate of graduation.

Officers of the various organizations affiliated with St. Peter's parish are holding a dinner in the church hall this evening.

Birth
Mr. and Mrs. Richard Farm of Lake Villa announce the birth of a son on Wednesday, June 5, at St. Therese hospital, Waukegan. Mrs. Farm was the former Dortha Nelson of Antioch.

Commence Work on Chain O'Lakes State Park Area

Work was begun last week on what will be Illinois' greatest marine park—Chain-O-Lakes, in Lake county, the state park department announces. The park, acquired in 1935, contains large areas of open water which are ideal for fishing and swimming, as well as marsh areas abounding in plant and animal life.

Nine Illinois state parks now have camp grounds. The finest of these is at Mississippi Palisades State park in Carroll county. Camping areas are also provided at Apple River canyon, the Illinois-Michigan Canal parkway extending from Lockport to LaSalle, Cave-in-Rock, Fort Massac, Giant City, Illini, Pere Marquette, and Starved Rock. A camping area also was recently set aside at Fox Ridge State park in Coles county.

Record-breaking numbers of visitors at all Illinois State parks are forecast for this summer by George H. Luker, state superintendent of parks and Memorials. Attendance on Memorial Day exceeded expectations everywhere despite threatening weather in some sections.

The number of out-of-state visitors is already unusually large, Luker reports, and indications are that Illinois will entertain more tourists this year than ever before. Studies made in other years have shown that 40 per cent of the automobiles entering State parks during the vacation season come from other states.

War Self-Destructive
--Christian Scientists

Truth Will Banish Misunderstandings, Theme at Annual Meeting

BOSTON, Mass., June 3—An appeal for calm and more faith in the omnipotence of God in the face of present world turmoil, featured the gathering here today of thousands of Christian Scientists from all over the world for the annual meeting of The First Church of Christ, Scientist, in Boston, Massachusetts.

"Trusting in the omnipotence of God," said Harry C. Browne, First Reader of The Mother Church in reading a message from The Christian Science Board of Directors, "enables one, through demonstration, to enjoy the freedom of thought resulting from the unfolding of the characteristics of divine Mind as expressed by Christ Jesus."

"Becoming cognizant of the true idea about anything, exposes its suppositional opposite as a lie. Therefore, when the true idea of a man's relationship to God is universally expressed, misunderstandings between men and nations will vanish."

"The divine Mind is in reality the only power; therefore nothing can resist the manifestation of righteousness."

With due regard for the necessary human footsteps, which our Leader, Mary Baker Eddy, says are indispensable in meeting problems, it is also imperative to look to the divine Mind for guidance and wisdom to supply the impetus to do all things in a right way and at the right time."

Church Officers

Mrs. Margaret Murney Glenn Matters, C. S. B., of New York, daughter of the late Major General Edwin F. Glenn, of the United States Army, was elected President of The Mother Church to succeed George Shaw Cook, C. S. B., of Brookline, Mass. Edward L. Ripley of Brookline and Ezra W. Palmer of Marshfield were re-elected Treasurer and Clerk, respectively. The chief duty of the President is to serve as presiding officer at the Annual Meeting.

Mrs. Matters spent her childhood in various army posts in the United States, Alaska, the Philippines, China, and Japan. She studied music in Boston where she became interested in Christian Science, joined The Mother Church and three years later, Second Church in New York. She then went abroad to continue her study of music, and while there decided to give up her musical career to devote full time to Christian Science practice.

Unity Divine Might

Commenting on the turbulent international situation, the incoming President said that "Christian Science reveals the power of individual man to

meet and overcome the hordes of mesmeric suggestions and subtle influences claiming to induce discouragement and apathy. It enables the Christian Scientist to overcome the belief that war can be of permanent advantage or that it is to be feared. It destroys the desire for an unrighteous, unjust, and enslaving peace; and it sets right that wrong sense of values which would prefer this so-called peace to that active warfare between the flesh and Spirit which The Mother Church typifies, and which ultimately in the victory of spirituality and Love."

In a parallel vein, George Shaw Cook, the retiring President, pointed out that "the effort of one individual or nation to dominate others, or to exploit them, by means of force, coercion, dishonesty, or deception, may appear temporarily to succeed, but it cannot permanently prosper for the simple reason that evil has no divine Principle. Its nature is self-destructive."

St. Peter's to Hold Children's Picnic Wed.

About 90 youngsters are expected to attend the annual children's picnic of St. Peter's parish all day Wednesday in Fox River grove.

Those who are going will meet at the church at 9:30 a. m. and will leave by bus or private cars for the picnic grounds.

Games and other types of picnic entertainment will be enjoyed and a basket luncheon will be served at noon under the charge of the Altar and Rosary society.

Mayor Bartlett Breaks Record, Misses Meeting; First Time in 17 Years

For the first time in 17 years, Village President George B. Bartlett missed a meeting of the Antioch village council when an attack of "stomach flu" kept him confined to his home Tuesday evening.

Clete Vos presided in his place as temporary chairman.

This is the second "record" that has been broken by the Antioch village council this year. Recently a meeting had to be postponed for lack of a quorum—for the first time in 21 years.

Wrestling Match Will Open Peg's Arena Friday Eve.

Lake county sport fans, more than 1,500 strong, are expected to keep the turnstiles clicking merrily at Peg's Grayslake Open-Air arena tomorrow night (Friday), when they come out for their first wrestling dish of the 1940 summer season, and incidentally, their first glimpse of the present king of all heavyweight wrestlers, the mighty Bronko Nagurski.

The bucking Bronko, all-time All-American football fullback, who rose to equal fame in his swift ascent to the world's mat throne a year ago, will battle Juan Humberto, powerful heavyweight champion of Mexico, who has come up from "south of the border" for a shot at the world's title.

But Bronko Nagurski's match will not be the only feature on the stellar attraction of four all-star bouts. In the semi-windup Jim McMillen, still rated among the top 10 heavyweights in the sport, will take on the biggest and perhaps strongest wrestler in the world, Big Chief Oslo Sanookie. Putting it mildly, the Chief is tremendous. Sighting 6 feet 5 in height and weighing in at 338 pounds, he is considered one of the most dangerous men in the game because of his vicious, ruthless tactics in the ring. McMillen should be able to give him a real argument.

Two special attractions round out the initial card. In one Gorilla Grubmeyer, still stinging from his "fluke" loss to McMillen, will step into the ring to face Fred "Legs" Grubmier, the greatest body scissor expert in wrestling today. "Legs" will have a difficult time of it trying to match Grubmeyer's bar-room-brawl style with scientific wrestling, but many local fans who remember Fred are saying he will make the Gorilla say uncle. The other match pits Al "Whitey" Williams against Cecil McGill, a newcomer here from Canada. Popular prices will prevail.

Chicago Man Drowns When Boat Overturns

Joseph Jalowski, 42, of Chicago, was drowned Sunday morning when he attempted to change seats in the rowboat from which he and three companions were fishing in the Fox river channel north of Grass lake.

The accident occurred about 9:30 a. m. His body was recovered two hours later by members of the Kenosha and Antioch rescue squads.

Jalowski's three companions, Orville L. Creech, George Duerwerth and William Zint, all of Chicago, were thrown into the water as the boat, which was equipped with an outboard motor and was moving north at the time, overturned. The three managed to swim to shore, but Jalowski went down before rescuers could reach him.

D. 1941, AND SPECIFYING THE OBJECTS AND PURPOSES FOR WHICH SUCH APPROPRIATIONS WERE MADE, TOGETHER WITH THE AMOUNT APPROPRIATED FOR EACH OBJECT OR PURPOSE.

Powerful Attack by Nazi Army Pushes Allies Out of Belgium; U. S. Defense Board Is Selected

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

THE WAR: Flanders Flight

When King Leopold III ordered his 300,000 Belgian troops to lay down their arms in their battle against the military might of Adolf Hitler, worried French and British leaders saw that the forces they had rushed into Belgium following the German invasion were doomed. For on the fields of Flanders their armies were exposed to a great encircling movement by the Nazis and were in great danger of being cut off from the main body of the troops in central France.

Without waiting Adolf Hitler began to close the jaws of his gigantic trap of death. Attacking with great ferocity the German machine moved toward the retreating allies. Without loss of impetus military objective after objective was gained in a tremendous show of force.

In the sky, dive bombers swooped toward the earth, cutting off supply details, disrupting communications, destroying immense stores of war goods but failing to seriously daunt allied morale and courage.

Their lines in formation, the British and French retreated steadily toward the English channel. For they were outnumbered and the country they had come to protect from invasion had been ordered by its king to cease fighting. Their best chance

prise blitzkrieg for Johnny Bull. But England has taken strong defense measures of late to be ready for the worst and she has promised a warm reception for any invader.

France's interior seemed a bit stronger too, for as the Germans moved against the trapped Flanders army in the north the line of defense across the nation's central axis was decidedly bolstered.

U. S. DEFENSE:

Progress

President Roosevelt's fourteenth fireside chat began a series of events in the new national defense program that was marked by increasing attention to the details of getting Uncle Sam's house in order—"come what may."

Influenced chiefly by the progress of the German army in its drive toward Paris and London, Americans of both major political parties are getting behind the President's announced objective of building defenses of the Western hemisphere "to whatever heights the future may demand."

Pleading for unity in the drive for military security, the President in his nation-wide radio address warned against Trojan Horse treachery within the nation's borders. He pledged that the government would not expect private capital to provide all of the funds necessary.

Tax

This statement invoked discussion as to how the government intended to foot the necessarily large bill of any such program. A defense-tax movement has been gaining ground in congress. This is a complete about-face on the subject by the legislators. When the first proposals were made to increase armaments, most members of the senate and house passed over the matter of providing the money by remarking that the important thing to do was to provide the defenses and worry about paying for them later.

Now the sentiment is that a flat 10 per cent increase in individual and corporate income taxes might be the best way to meet the obligations to be incurred by the billion-dollar program now under full steam.

And as the rising war hysteria spread over the nation it seemed likely that this suggestion would not meet the disapproval such a tax increase would ordinarily encounter. Reading reports of the fierce power of German military might, U. S. citizens may prefer to dig down in their jeans for preparedness than feel home defenses were insecure.

Commission

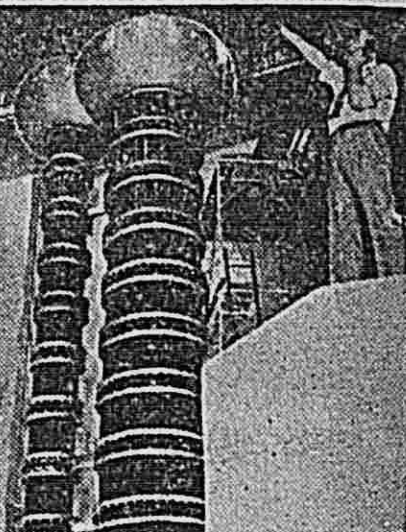

A presidential commission of seven, appointed to muster the country's economic resources in connection with the preparedness drive, was announced in Washington. This commission represents a lay "general staff" which will work with government officials and agencies in lining up men, materials and plans for speeding up armament production.

The commission: Edward R. Stettinius Jr., U. S. Steel company chairman, who will supervise production of raw materials; William S. Knudsen, General Motors production wizard, who will direct his attention to manufacturing problems; Sidney Hillman, Amalgamated Clothing Workers union president, responsible for labor matters; Chester C. Davis, Federal Reserve board member and former AAA director, who will guide agriculture's course; Ralph Budd, president of the C. P. & Q. railroad, transportation; Leon Henderson, chairman of the Securities commission, will check on stabilization of wholesale prices; and Miss Harriet Elliott, University of North Carolina, who will guard the consumers interests.

Like This

Scheduled to be an important cog in the machinery of defense, the automobile industry was given a tuning up by Secretary of the Treasury Morgenthau on his announcement that the annual policy of introducing new car models may be discontinued after this year. In charge of airplane procurement, he believes it may be necessary to keep assembly lines open for planes. Henry Ford says after six months he can turn out a thousand planes a day if necessary.

PEEK-OF-THE-WEEK

Here is Lauriston Taylor, physicist of the U. S. Bureau of Standards, directing the placing of the corona cap atop of the world's largest X-ray machine. Capable of generating rays to a power of 1,500,000 volts, it was assembled in the high voltage laboratory of the bureau in Washington, D. C. Its use will set a standard for other such machines in hospitals and cancer clinics throughout the country.

GOOD NEIGHBORS: To the South

Not such a "good neighbor" is what many Mexicans are thinking these days of Leon Trotsky, exiled Russian political leader, who has taken up a haven of refuge from his Soviet enemies in Mexico's interior. The recent attempt to assassinate Trotsky has caused at least a few Mexican officials to believe that no good can come from his remaining in their country and they are anxious for him to move on. Trotsky's home is constantly guarded but despite this "protection," Joseph Stalin's arch-rival is not especially loved or admired by some of his "neighbors."

A neighbor further south has been having a bit of trouble with a little uprising of its own. Reports from Panama indicate that the government nipped an alleged plot for a revolution which was scheduled to prevent that country's 1940 presidential election.

An indication that U. S. business was attempting to regain some of its foreign trade lost by the European conflict was evidenced by news that the Moore-McCormack lines were opening a new shipping service between North and South America on both the Atlantic and Pacific seaboard. In announcing the new shipping routes and ships to be used in the service the company's president, Albert V. Moore, said: "The surface of trade possibilities between the U. S. and South America has only been scratched." This was good news to business men for the commerce department's current trade report shows a \$27,000,000 decline in export trade for last month. Some real "scratching" will be necessary to build up this loss.

To the North

A career diplomat, Jay P. Moffat was nominated by President Roosevelt to replace James H. Cromwell as U. S. minister to Canada. Moffat, now chief of the western European division of the state department, is not expected to create the flurry that Cromwell did when, as a U. S. representative, he made his now-famous speech expressing a decided sympathy for the British-French cause in their struggle with Hitler.

SOCIAL SERVICE:

Trouble, Trouble

There is no group of persons in the United States that is closer to the nation's vital problems of unemployment, relief, youth movements, etc., than the National Conference of Social Workers. Basic human needs are the social workers' stock-in-trade. Meeting in Grand Rapids, Mich., in national convention, that organization discussed, debated and "resolved" these problems in their relationship to the current domestic and international picture.

MISCELLANY:

¶ Six army flyers were killed in the crash of a Douglas bomber near Mojave, Calif. The crash, which carried the two officers and four crew members to their deaths, occurred in a night trial flight over the army's desert bombing range.

¶ Fifty thousand civilian pilots in the U. S. can be trained by the Civil Aeronautics authority, "without any loss of efficiency and safety," according to an announcement made by that governmental agency.

¶ In Chicago, a 10-day milk strike, in which labor union drivers had refused to make home deliveries pending the outcome of a wage dispute, was ended in a truce.

¶ From the office of the U. S. comptroller of the currency comes news that the assets of the 5,184 active national banks in the United States, Alaska, Hawaii and the Virgin Islands have reached an all-time high—\$35,736,657,000. Bank deposits are also higher now than at any time in the nation's history.

¶ The U. S. civil service commission ruled that it would refuse to certify for work in any federal agency persons established to belong to the Communist party, the German Bund, "or any other Communist or Nazi organization."

'round the Lakes

A seven and one-half pound pickerel was landed by Frank Lux and George Gerl of Antioch on Memorial Day afternoon off Haling's resort at Grass Lake.

Lux and Gerl were fishing for bluegill with a dippe minnow at the time the pickerel struck on Lux's rod, nearly swamped the boat with the 15-minute battle he put up.

Charlie Haling acted as the official "weigher" after the fish was brought in.

Hanking's Rock Lake tavern will hold its second anniversary party Saturday evening. Invitations for the affair were being mailed out yesterday by the proprietor, and he is also issuing a general invitation to all of his friends to be present.

A meeting of the Salem Township Tavern league was held Tuesday evening at Hamilton's Oak Barbecue, highway 83. The organization includes 31 of the 35 taverns in the township. Officers are John Gever, president; Charles Krecmer, vice-president; Fred Meyer, treasurer; Joseph Fox, secretary, and Dominic Gianini, sergeant-at-arms.

"I hear that some of those Antioch croquet players have been doing a little practicing up Sundays at Joe Panowski's home," observes Dick Moran of the Fairway Grill. "They'd better, too, because some of the Wisconsin players from over the line are going to issue a challenge to them one of these days." . . . which seems to be a symptom of the impatience being displayed these days by the heroes of the mallet and wicket as they get ready to swing a few brawny arms in what has turned out to be the manly sport of croquet.

Joe Fox of the Maple Inn on Highway 83 is spending his spare time these days re-painting a duck boat that was charred in a swamp fire . . . assisted by one of his two small sons, who are known as Tom and Jerry. . . . Thomas Patrick and Jerome Frederick.

Did you know—that you can see five lakes from the clubhouse lawn at Chain-O-Lakes Country club on Route 59? They are, as identified for visitors by Fred Hawkins, manager and golf professional, Bluff, Spring, Fox and Grass lakes, and Lake Marie. . . . Incidentally, the setting for this club, which is 84 feet above the level of the lakes that encircle it, is said to be one of the most beautiful in the country.

Excellent business over the Memorial Day week-end was experienced by resorts and taverns around Antioch, and in the lakes region in general. "I don't know why, but I look forward to a successful season for the lakes area this summer," said Fritz ("The Ice-man") Wolf, of Loon Lake. Others concurred in the belief that the beauty and the many opportunities for recreation offered by the Chain O'

Lakes, "The Playground of Northern Illinois," would meet with much appreciation from vacationists this year. Swimming, fishing, golf, boating, riding, hiking, bicycling, motoring, dancing and just plain eating and drinking—to say nothing of sitting around and merely "soaking up the scenery" and getting a good sun-tan—are a few of the types of wholesale recreation and relaxation offered around the lakes.

Free moving pictures will be shown at Nielsen's Corners, Route 59 and Grass Lake road, every Thursday evening, commencing tonight.

A shortage of "help" is reported at a number of places, . . . and around the lakes in general. Three waitresses, a dishwasher and a reliable couple are among those being sought by resorts. . . . and a number of private families are seeking domestic help.

Mr. and Mrs. Warren Ireland of Ireland's Lone Oak Inn on Route 59, and their daughter Colleen, spent Monday in Waukegan. Mrs. Mabel Nolte of Ireland's is going around with two badly blistered fingers done up in bandages . . . the result of burns suffered when some hot grease splashed on them as she was preparing some "french fries."

Bob Hardman of Hardman's resort on Bluff lake, is investigating rumors that someone at Petite lake caught a bigger crappie last Tuesday than the two and one-half pound one he landed recently. The national record is a three-pound-one-ounce specimen captured by Wallie Valters of Chicago last year in Grass lake. Looks as though the Chain O' Lakes is the place to catch 'em. Incidentally, the cool weather that kind of discouraged lakes visitors from coming out early this year seems to have stimulated the fish . . . fishermen are reporting good catches at various points around the lakes.

Forty hungry people came out to Cermak's at Loon Lake (Highway 21) Sunday to try their Bohemian dinners . . . prepared by Mrs. Frank Kindl, who reigned over the kitchen in the Bohemian village at the Century of Progress . . . remember? Several members of the Cermak family spent Monday in Chicago.

Friends of Mr. and Mrs. C. A. Anderson at Anderson's restaurant and tavern, Petite lake, were shocked Monday evening to learn that they had been injured in an automobile accident. Andersons are going ahead, however, with plans for their annual "Season Opening" party, Saturday evening, June 8.

Antioch Tied With Pikeville Team for League Leadership

Neither Team Has Lost a Game in Kenosha County Loop

The Antioch Aces continued their winning streak in the County league during the past week by taking three games in a row, defeating Bristol 4 to 1 on May 26, walloping the Somers outfit 6 to 4 on Decoration Day, and swamping the Triangle team of Twin Lakes 17 to 2 Sunday. Madsen and Wells shared pitching honors for the Aces.

The local team is now tied with each having won all games played. New Munster comes to Antioch next Sunday.
